

Magnolia Green Golf Academy Jr Camp/Clinic Procedures and Policies (modified 5/27/19)

During this time of enhanced concern, the Magnolia Green Golf Academy is continuing to stay up-to-date with the latest state, local and CDC guidelines regarding the safety and well-being of your child while participating in our programming. Based on the most recent CDC findings, and Virginia State Laws, we have implemented the following procedures:

Amended Mask Policy

- Staff members will wear a mask while working with children
- Per state law, children over the age of 10 should wear a mask (provided) indoors when entering the academy building and using the bathroom in the clubhouse. Children under the age of 10 are encouraged to wear a mask during those indoor activities.
- While outside, children may remove masks but shall remain at appropriate social distances

Procedures and Policies

- Children or staff with respiratory illness symptoms or fever will be sent home until fever free and tested for COVID19
- Temperature checks will be performed upon the arrival of staff and participants
- Each Participant will apply hand sanitizer immediately upon arrival
- Participants will be directed to areas at appropriate social distances outside to await the start of programming
- Due to the nature of golf, our practice stations for full swing, pitching and chipping have always been at least 6 ft. apart. Putting games and drills have been modified for appropriate social distancing.

- Each staff member will have a bottle of sanitizer with them at all times, children and staff will sanitize their hands between stations.
- Limiting the people who enter the building to staff and enrolled campers
- Stations and games are set-up with social distancing in mind.
- Maintaining low student-teacher ratios and eliminating combining children from different groups
- Areas designated for children in each small group to remain separate during drop-off and pick-up
- Use of new 6 seater & 8 seater carts for full day PM play & on-course activities
